5/23/2024

Dear Citizens of the West Side Fire District,

On behalf of the West Side Fire District Board of Directors, Chiefs, staff, and all the volunteers we would like to extend our sincerest, "Thank You" and gratitude for your overwhelming support passing the five-year replacement local option levy. Your support for this replacement levy will allow the Fire District to enhance our current level of staffing to provide 24/7 emergency response for fires and emergency medical responses, faster response times, and improve cardiac arrest survival rates.

Your support for the Fire District has been overwhelming, which shows through a strong 62% passage. By passing this levy, you are providing the funding necessary for us to operate and provide these critical services to the citizens of our community now and for years to come.

Thank you to the many volunteers who helped lead the advocacy campaign. Thank you, also, to the numerous civic leaders, businesses, and community members who endorsed the levy and helped support its passage.

To us, this vote of support for our funding reflects your appreciation of our Fire District and the services we provide. We shall continue to be good stewards with both your funds and your trust.

On behalf of everyone at the West Side Fire District, "Thank you".

With sincere gratitude,

Doug Kelly
